LELIEVRE
PARIS

A stunning French-made Jacquard fabric, BALTIC is woven at Lelièvre's own mill near Lyon, France. It depicts a view of an abstract and hazy landscape of mountains and rocks, with a remote horizon. The shimmering quality of the background brings light and contrast, creating a sense of rythm and volume. This faux plain, tonal pattern of natural shades subtly plays off materials and weaving irregularities. Its wool-like quality makes for a fabric that is extremely soft and drapes perfectly. BALTIC is ideally suited for a seating upholstery, curtains and wall coverings.
