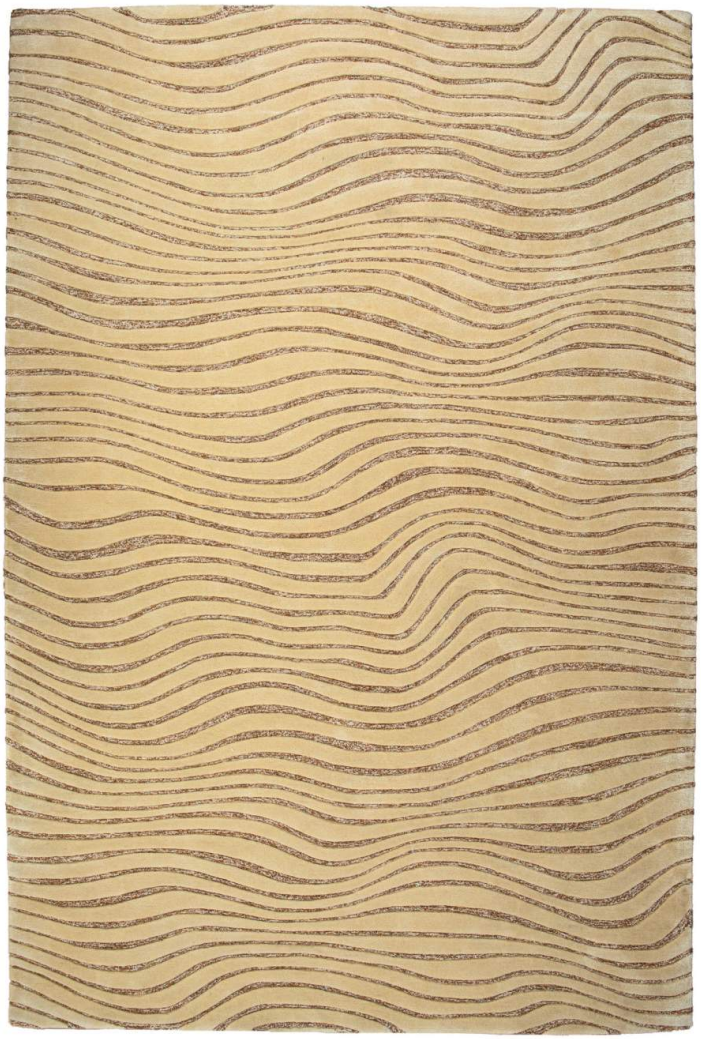
TAPIS ONDES DUNE

6637-02



ONDES captures the subtle beauty of the channels left in the sand underwater, the discreet traces of the natural movements of the current. This hand-tufted rug evokes the play of shadows and light through the sheen of its background, where each wave reshapes the forms in the sand.

Collection	METAMORPHOSE
Brand	LELIÈVRE PARIS

TECHNICAL DATA

Type	Rug
Composition	50% LAINE NZ - 50% TENCEL
Pile height	10-12 MM
Use	Residential
