

## COLONNE - IVOIRE \*

4224-02

Colonne est une rayure généreuse colorée en ton sur ton par ses effets de chaîne alternant bande de satin semi brillant et sergé graphique XXL. Sa structure apporte une touche plus classique à la collection mais joue également le complément contemporain idéal : associé par exemple aux coloris affirmés de la brocatelle Cuba. Intemporelle, la gamme des neutres vient enrichir notre offre de rideaux Contract.
