

FRENESIE MI - GLACIER

0740-03

Le bruit du froissement, la nervosité, la tenue et les reflets de la soie ont été nos guides tout au long de l'élaboration de ce remarquable taffetas. La régularité de son tissage en grande largeur en fait une qualité pratique, stable au lavage, repassable et irréprochable pour un usage rideau sans couture. Il peut également servir d'élégante doublure. La combinaison de couleurs du fil de chaîne avec celle du fil de trame crée une vibration changeante subtile, propre à chacune des 34 nuances de la gamme.
