FRAISES SAUVAGES

1619-01

A percale printed with a motif of winding stems bearing leaves, flowers and exotic fruit. This so-called « Indian » motif was inspired by both new exotic plants and real Indian fabric introduced into Europe in the 18th Century. Typical of block prints produced in Jouy, Rouen and other printing centres, these fabrics were very popular in the 1780s. They continued to be produced until the early 19th century.

Brand	QUENIN

TECHNICAL DATA

Type	Print
Composition	Cotton 100%
Width	130 cm
Repeat cut	No
Vertical repeat	37 cm
Half drop match	No
Care	
Uses	
Weight / Linear metre	220 g
