Three fabrics echo perfectly the circular issues raised by 100% Naturel: FORSYTHIA, HÉVÉA and ÉPICÉA, made of 100% cotton labelled GRS - Global Recycled Standard - which guarantees composite textiles with a minimum of 50% recycled fibres. One of Lelièvre's key objectives is to reduce the consumption of virgin raw materials and the environmental impact of its products. Available in two colours (beige and ecru), each fabric is available in three designs - herringbone, stripes and a fuller grain.
