# DUNES - BEIGE

3261-01

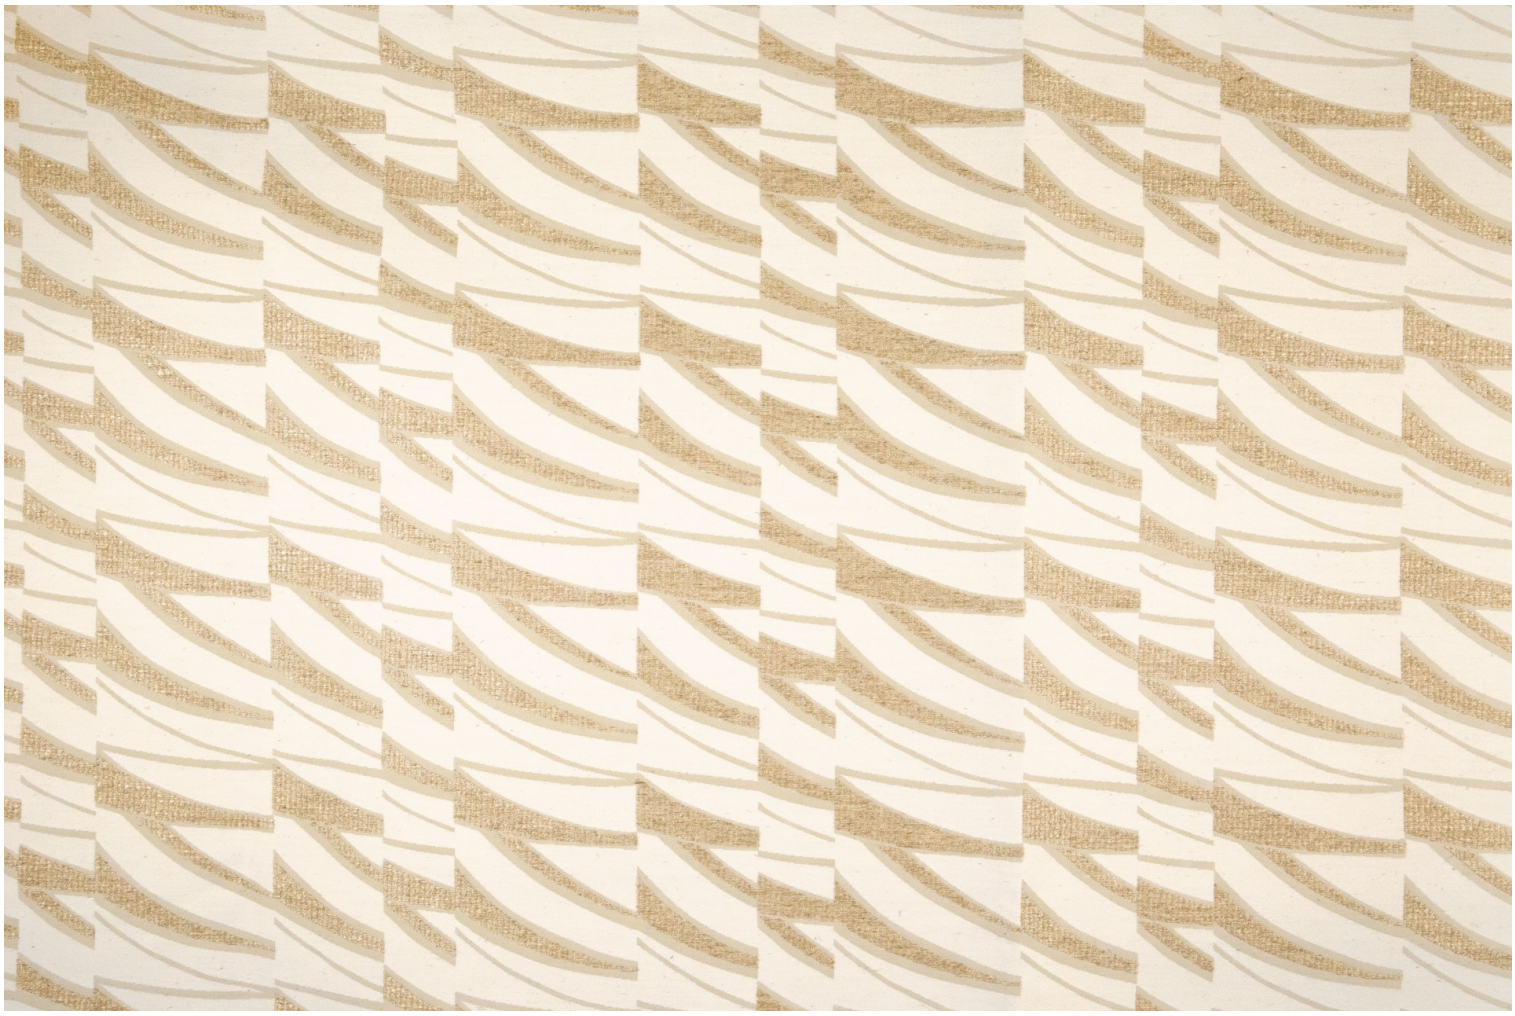

Now let us return to the ground to have a closer look at the dunes that have given their name to this design: a Jacquard with a pattern of stripes and curves evoking a desert skyline, but mixed with streaks of linen that add texture and a sense of modernity with tonal edges. The result is a rich, heavy and modern weave fabric that just hangs beautifully. Available in three colourways. | Design: Tristan Auer
