# LELIEVRE

PARIS

ODORICO is a Jacquard fabric featuring an Art Deco pattern imitating mosaic tiles with a pattern of extremely fine lines over an audacious black background. The design was reworked based on a detail from an archive drawing of Maison Leleu's historic Mosaïque rug. The chenille velvet thread creates a raised texture and gives the fabric a beautiful drape. It may also be used with other fabrics from the collection to bring the combination together and create a sense of harmony.
