CAP D'AIL - TAUPE

6470-02

This motif is based on Jean Cocteau's famous « Cap D'ail » ceramics of 1963 made in black and emerald green enamelled white earth and then white earth almond green and blue Sèvres enamel engobe. Greek-inspired in the manner of the Cap d'Ail open-air theatre, this motif symbolises the fusion of sky and earth on a plant background. This wallpaper is printed in rotogravure on a non-woven backing with satin effect background.
