TAPIS RYTHME CREPUSCULE

6563-01

Like the softness of a silk scarf, the RYTHME rug is inspired by the VARIATION wallpaper, with its spectacular wide panoramic stripes in soft tones reminiscent of American abstract expressionist painter Rothko's work with color and contrast. This rug is madefrom New Zealand wool and tencel. Hand-tufted, cut, looped and chiseled, it plays with different materials and colors in horizontal stripes.
