TAPIS SEASIDE - BEIGE

6606-01

On the occasion of 3 DAYS OF DESIGN COPENHAGEN and PARIS DESIGN WEEK 2023, Lelièvre Paris x Agence RDAI x Atelier Aréthuse presentedSeascape, an installation composed of two original pieces recalling the plant and marine world. The Seaside rug was born of the desire to capture the essence of the Caribbean beach. Tanscribing such a delicate, ever-changing surface was a challenge, Seaside isa hand-tufted rug, whose texture evokes the ripples left on the sand by the wind. | Design: Lelièvre Paris x Agence RDAI | Photo: Michael Rygaard
