7307-01

Echoing emblematic Parisian locations, José Levy has named the two rugs in the JEUX DE SALON collection Square Louvois 1 & 2, the site where the Paris Opera was located between 1794 and 1820. The strokes and designs in the large flat tones of colour evoke a geometry inspired by the world of games and sport. It is hand-tufted and made exclusively from New Zealand wool.
