## TAPIS PICTURAL MULTICO 2X3M

7666-01

From Jean Paul Gaultier's "Autour du Monde" fabric collection, the CONSTRUCTIVISME fabric inspired the PICTURAL rug. It is a tribute to the Russian art movement of 1917 to 1921. The rug is made from New Zealand wool and tencel, hand-tufted, cut and chiselled. Its graphic, geometric shapes are contrasted by primary coloring and matte, satin-finish materials.
