HONORE - NUIT

1704-03

Woven at the Maison Lelièvre mill in Panissières, the HONORÉ cut velvet finds it origin in a sketch from the Maison Lelièvre archive and pays homage to 19th-century styles. A symmetrical 17th-century pattern once favoured in European courts, this velvet features large flowers and stylised acanthus leaves on a cream satin background. Its frisé velvet patterns offer a modern interpretation, merging Italian Renaissance style with a contemporary touch.
