

LELIEVRE

PARIS

GAUCHO - ATLAS *

0563-03

Finely woven, this design has its origins in the depths of the wild plains, where shadows alternate with streams of light. Studio Lelievre has synthesised these extreme landscapes to obtain a pure graphic design. Rhythmic and dynamic, this bayadere stripe enlivens the weft yarns on a background of luminous matt satin. Three bright tonic colorways for use as curtains, wall coverings or accessories.
