TAPIS ALTA NATUREL

6562-01

ALTA is inspired by the FJORD fabric from the BOREALIS Signature collection. Inspired by the graphic retro Scandinavian style, ALTA features large, raised geometric motifs based on full circles and rectangles, in a play of two-tone hues that emphasize its shapes. This hand-tufted rug in two natural shades of tone-on-tone ecru, from matte to glossy, offers a bold graphic design, characterized by a play of chiseling and pile heights.
