TAPIS AURORE ANTIQUE

6635-01

Through gradients of colour, the handwoven AURORE rug reflects the flow of light that changes nature throughout the day. In its warm and terracotta hues, it captures the ephemeral beauty of a sunrise or sunset, as well as the enveloping warmth of summer. The subtle sheen of the plant-based silk (Tencel) adds depth to it.

Collection	METAMORPHOSE
Brand	LELIÈVRE PARIS

TECHNICAL DATA

Type	Rug
Composition	100% TENCEL
