Candy colours with a cotton-soft feel, Ceramic is a focus on textured surfaces, showcasing the way light plays with this classic 3D fabric. An optical illusion which is strengthened by the choice of threads used, which creates a playful fabric. Available in three striking colours. Combined with plain materials, it can pep up a multi-tonal room. Alternatively, it can also be used alongside more spectacular patterns to create a statement within any room. Ideal for curtains, chairs and accessories.
