

TAPIS ESTOMPE LUX

8611-02

ESTOMPE, by contrast, evokes the wood before the intervention of the hand. The motif remains subtle, almost hidden within the material. It is only revealed as light moves across the surface, gently unveiling the nuances of its relief. Three colour harmonies accompany the collection, like three distinct moments of light: - NOX, a nocturnal glow, combining deep violet and amber. - LUX, a radiant light, blending sand and gold tones. - ALBA, the clarity of dawn, expressed through shades of white and linen.
