## COLLECTION LIN

The new 100% linen collection, exclusively in natural fibres, is durable and eco-friendly and showcases three fabrics: COSTA, LITTORAL (wide width) and EOLE, a linen voile.

This collection is a first for Lelièvre Paris, as it puts its name to a magnificent 100% linen collection, which is made up of three eco-friendly fabrics, produced in Europe and certified Oeko-Tex®\* and Masters of Linen®\*\*. These certifications provide the greatest guarantee of quality and traceability in natural fibres with regards to respecting the environment.

\*STANDARD 100 by OEKO-TEX® is one of the world's best-known labels for textiles tested for harmful substances. It stands for customer confidence and high product safety. With this label, each thread, button and other accessories has been tested for harmful substances and therefore the item is harmless to human health. The test is carried out by our independent OEKO-TEX® partner institutes based on our extensive OEKO-TEX® catalog of criteria. The test criteria are standardized globally and are updated at least once a year based on new scientific information or legal requirements.

\*\* Masters of Linen® is a European label which guarantees that all stages of production and processing of linen follow strict standards: cultivation, weaving and spinning of linen must be carried out in Europe. All companies are subject to annual checks in order to guarantee a traceability process for finished products (clothing) and for semi-finished products (yarns or fabrics). Masters of Linen® certification requires the use of European Flax® certified linen fiber. This is flax from GMO-free, irrigation-free and zero-waste agriculture and whose production has generated the smallest possible carbon footprint. European Flax® linen is 100% vegetable and vegan. The Masters of Linen certification requires compliance with the working conditions required by the International Labor Office.

# COSTA

1484

COSTA is a 100% linen fabric for mixed use, with a superb, strong range of 35 colours, both subtle and deep. Its naturals, pastels and richer colours, with a warm feel, will make you want to travel. Tourterelle, a new chic colour, is making its debut! This quality of linen will astound fans of this natural fibre, with its superb drape and supple feel. The entire range coordinates perfectly with the Résonance collection.
