L'ENVOLÉE FANTASTIQUE

Wander through the archives of the Maison Lelièvre, set out in search of unsuspected treasures, and stumble upon a fantastic dreamlike drawing with a very strong and firmly modern graphic universe.

The incredible encounter with this bold archive from the end of the 19th century was the source of inspiration for the new Lelièvre 2023 collection. Each fabric focuses on this, bringing it to life in intricate detail, from scrolls to plumages and other graphic elements. Let's discover L'Envolée Fantastique.
